

# ARNETT HILLS JMI SCHOOL

## Friday September 25th 2020

Dear families

Thank you for helping drop off and collection times run more smoothly by arriving at the time allotted to your child's class **and not before**. It really does help. If you drive to school and arrive early, please help by waiting in your car. Thank you for leaving the site as soon as you have collected your child/children as this reduces congestion and avoids 'pinch points.'

You will all have followed the news closely and will be aware of the rise in Covid 19 related data. In order to further protect everyone at Arnett hills JMI, **from Monday September 28th, face masks must be worn by adults on the school grounds at drop off and collection times (unless you are exempt)**. Thank you for your understanding in this matter.

As advised by Public Health England, we will only ask a whole class bubble to isolate at home for 14 days if a child or staff member of the bubble has had a positive test confirming Covid 19. If this is the case, we will inform parents of the children within the bubble at the earliest opportunity. The rest of the household of the contacts will not need to self-isolate, unless a member of their household is displaying symptoms (or has had a positive test result).

As always, any child or staff member who has symptoms suggestive of Covid 19 needs to: inform the school; arrange a test via [www.nhs.uk/coronavirus](http://www.nhs.uk/coronavirus) and self-isolate at home whilst awaiting the results. Symptoms suggestive of Covid 19 are :

- a new continuous cough (coughing for more than an hour or 3 or more coughing episodes in 24 hours)
- and/or a high temperature
- and/or a loss of, or change in, normal sense of taste or smell.

You do not need a test if you have a runny nose, are sneezing or feeling unwell but do not have a temperature, cough or loss of / change in taste or sense of smell (as outlined in the NHS Test and Trace letter sent to you via Parentmail this week and which can be found on the school website under the Covid 19 tab)

Wishing you all well - Miss Ali and the team at Arnett Hills

Lessons are in full swing. Clubs have started up keeping to bubble groups  
OVER TO YOU CHILDREN...

FOOTBALL CLUB...  
I like the training because it makes us even better and we can play matches in our own group  
Max  
Stars of week 1—Flynn & Liam  
Stars of week 2—Samiul & Kian

GREEN TEAM...  
It is educational about how wildlife works. You can make this world a better place  
Joe

GYM CLUB...  
It is really fun. We learn to do a better headstand and cartwheels  
Max & Sam

NETBALL CLUB...  
It is very sporty and it has got me to love netball more. It is a fun game and it teaches us a lot about working with our body. It inspires us to be more sporty and fit, and improve our ye/hand coordination.  
Annabelle & Jodie

RECYCLED ART....  
It helps the animals to not get killed because we use all the plastic to make creative stuff.  
Mia

CPORNETS...  
It is fun because we get to learn how to play an instrument that we have never played before  
Lucy

STEM CLUB...  
It is really fun because we do lots of activities and we can learn more about science  
Abde
